

The Structure of the Earth **Cut and Stick**

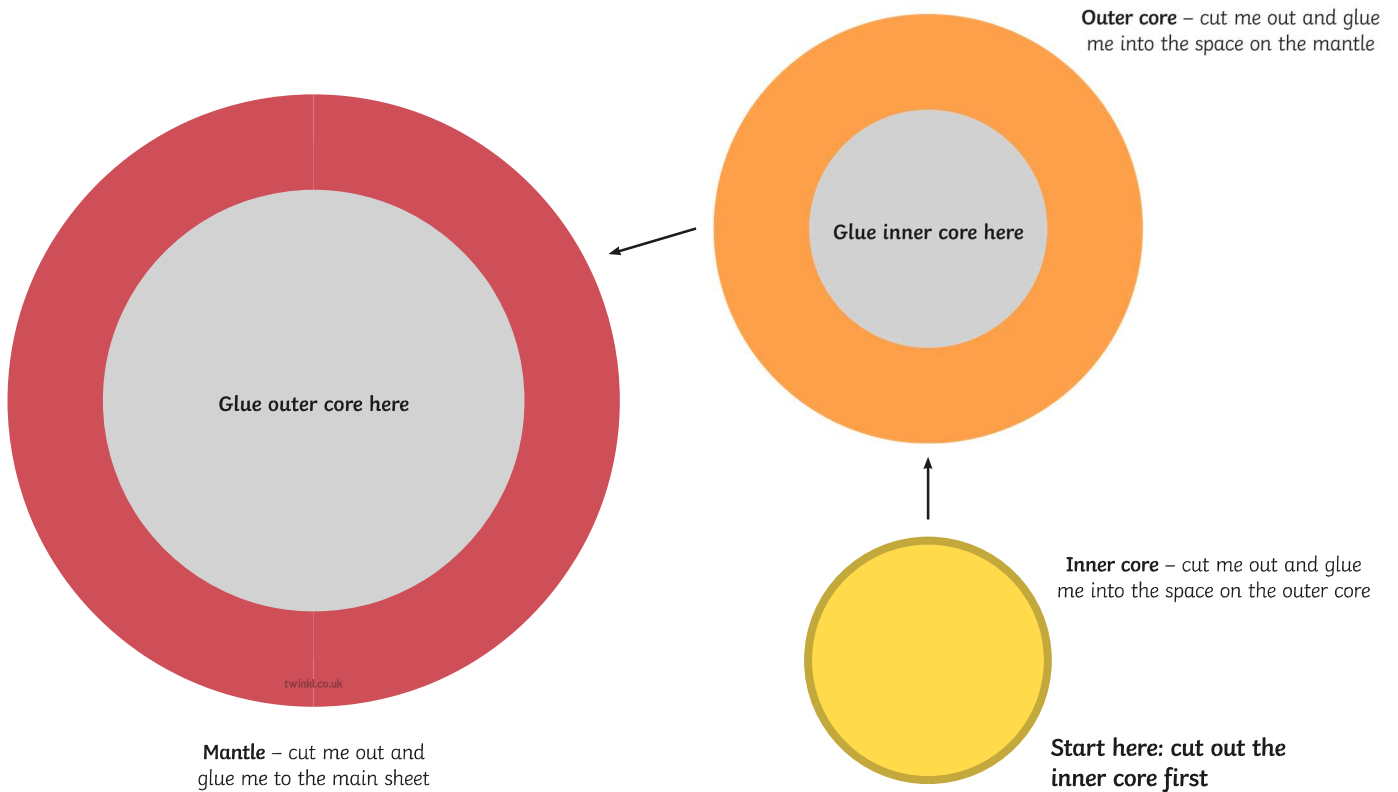

Colour Key to Layers of the Earth

Follow the instructions to construct your final 3D diagram and colour key on this sheet.

The grey areas on the diagrams are where something should be glued down.

The Structure of the Earth **Cut and Stick**

Key: cut out the different labels and match them to their colour key on the main sheet.

crust

inner core

outer core

mantle

Earth – cut me out (including my tab at the top) and glue me by my tab to the main sheet
